PROFESSIONAL SUMMARY

Professional Summary

Detail-oriented and adaptable professional with hands-on experience in data entry, financial and administrative support, and structured research tasks in fast-paced, process-driven environments. Skilled in maintaining accurate records, processing high volumes of data, preparing reports, and supporting documentation, payroll, and financial recordkeeping with a strong focus on accuracy and consistency. Has developed strong English communication skills (written and verbal) through professional experience in structured and detail-heavy work, making them suitable for entry-level roles in customer support and online teaching. Comfortable working with guidelines, systems, and deadlines while maintaining organization and efficiency in daily tasks. Seeking opportunities in Accounting, Finance, Data Entry, Online English Teaching, or Customer Support (Inbound/Outbound) where reliability, attention to detail, and communication skills can support operational goals.
